Using adjectives in Welsh

- **Adjectives** are words that describe a noun. So in the phrase:

  ## a **black** t-shirt

  the word **black** is the **adjective** and the word t-shirt is the noun.

- In Welsh, the adjective usually comes after the noun, so instead of saying *a black t-shirt,* we say *a t-shirt black*.

  ## crys-t **du**

  the word crys-t is the noun and the word **du** is the **adjective**.

Tasg 11: Write the following items of clothing and colours in Welsh. Remember to put the colour *after* the item of clothing.

1. black t-shirt   _____

2. red trousers   _____

3. blue sweatshirt   _____

4. white polo shirt   _____

5. yellow t-shirt   _____

6. black jeans   _____

7. green socks   _____

8. purple tie   _____

9. grey trousers   _____

10.   pink shorts   _____

From this point in the booklet the work is more involved extension work. If you do not wish to carry on to learn more about how this works, please take a copy of the colour by numbers booklet.

Masculine and feminine nouns and adjectives.

Welsh nouns, just like those in French and Spanish, are either masculine or feminine. There are some rules about how this works, but it's not so easy to spot in Welsh as it is in French or Spanish, so we just have to learn the words.

For the clothes vocab, the following is a list of masculine and feminine items of clothing:

Masculine words	Feminine words
crys chwys	blows
crys polo	cot
crys-t	ffrog
jîns	sgert
siwt	siaced
tei	siwmper
trowsus	
trowsus byr	

Plural words	
esgidiau	
sanau	

For masculine and plural words, all you need to do is to write the item of clothing followed by the colour:

<div align="center">

a **black** <u>t-shirt</u> - <u>crys-t</u> **du**

green <u>socks</u> - <u>sanau</u> **gwyrdd**

</div>

For feminine words, the adjective has to have a soft mutation at the start if it starts with certain letters, as you can see in the table below:

If the colour starts with …	the first letter changes to …
T	D
C	G
P	B
B	F
G	*
D	Dd
Ll	L
M	F
Rh	R

* - the first letter disappears

Examples:
- siaced **dd**u
- cot **g**och
- blows **f**elyn
- ffrog **b**inc

Tasg 12: Choose the correct colour agreement:

1. blows melyn / felyn

2. cot du / ddu

3. esgidiau porffor / borffor

4. ffrog pinc / binc

6. sanau gwyrdd / wyrdd

7. sgert du / ddu

8. siaced llwyd / lwyd

9. siwt brown / frown

10.   tei coch / goch

Tasg 13: Write the following clothing / colour combinations into Welsh. Try to do the mutation if it needs it.

1. blue jacket   _____

2. green t-shirt   _____

3. yellow jumper   _____

4. red sweatshirt   _____

5. grey shoes   _____
